50%
water saving

Saving water by design

Boost your eco-credentials with Aqualisa showers, featuring these great water saving solutions

Eco goes Digital

Aqualisa's digital processors can be set to 'eco mode', capable of reducing water flow by up to 33%. Visage Digital can reduce flow to around 8 litres per minute on 'eco mode'.

HP/Combi Processor

Water saving heads

Harmony shower heads have been cleverly designed to deliver a fuller spray and an uncompromising showering experience, even when the shower head is set to 'eco' spray setting.

Eco spray offers 25% water saving

Eco stop button

Our easy to use Eco Stop Button limits flow to 50% of the showers maximum flow. Integral to Midas 200 and 300 (for high pressure systems).

Eco stop button features with Midas 200 and 300

Flow regulators

Midas 100, 200 and 300 are available with a choice of regulators that limit flow to 6, 9 and 12 litres per minute. Ideal for reducing water consumption, running costs and meeting the criteria set out in Part G of the Building Regs.

6, 9, and 12 litres per minute flow regulators
