## Aqualisa Appoints New Chief Executive

George Letman has been appointed as Chief Executive of the Aqualisa Group.

With over 20 years of leadership experience in both industrial and consumer manufacturing sectors, George is ideally equipped to lead Aqualisa through its next phase of growth, which, following the recent launch of the company's digital technology by Moen in the US, looks set to be increasingly international.

George commented,

*"I am delighted to be joining such an innovative company and am very much looking forward to taking Aqualisa and its product technology to another level of success both at home and globally."*
